Paragraph 341					
A. FMOB-1240, 15 February 1962					
B. MEVW-12717, 29 June 1961					
<p>1. KRENN requests more recent biographic information on Subject before they will consider granting FOIA. Our latest information is dated 1954.</p> <p>2. In discussing the GROEBER case with two case officers who handled GROEBER prior to his departure from Austria, and with KRENN, several weight-bearing facts which will affect your planned contact with the Subject have come to light and are listed below:</p> <p>A. Subsequent to GROEBER's departure from Austria it was discovered that he had submitted fraudulent information concerning his recruitment and initial handling of an agent, which as a result caused a considerable waste of money and case officer time. One of GROEBER's former case officers now questions the authenticity of the letter written by von der TANN and suggests that perhaps she wrote the letter on the instructions of GROEBER.</p> <p>B. Evidence has been found to indicate that GROEBER played an active role in the carrying out of some phases of Nazi war crimes, and this information is known to the Israeli Intelligence Service. GROEBER was in contact with a member of the Israeli Intelligence Service while serving as a principal Agent for KRENN and had informed us of that contact. His explanation of this contact at the time was that he was conducting certain business in line with his job on our behalf.</p>

3. Needless to say, in view of the above it is recommended that particular caution and discretion be observed when initiating re-contact with von der TANN, until such time as her status and the circumstances which prompted her parting letter can be determined. Of course, much time and effort might be saved if her present occupation could be ascertained prior to any re-contact.

4. From the copies of documents which are enclosed for FCB files (per paragraph & Reference A) you will note that the forwarding address that Subject left with us on termination in 1954 is the same as that reported in WMA-55540, 19 July 1961, and listed in the 1961 Munich telephone directory under the name Kraftt Freiherr von der TANN BATHMASCHEN, who is the brother of the Subject. The "Kath. Reichsfreiherr von und zu der TANN BATHMASCHEN" reported in the same dispatch as listed at another address is unknown to us but we wonder if it might not be the Subject. Her old PMA listed no living relative other than the brother.

5. Any additional information will be forwarded.
